Tambaram Sanatorium, Chennai- 600 047

Structured Naadi Training Programme (April 2026 – June 2026)

Empowering Siddha Practitioners with Diagnostic Excellence

About the Programme : Naadi is the pinnacle of diagnostic wisdom in Siddha medicine — a window to the dynamic balance of Vali, Azhal, and Aiyyam. To preserve and strengthen this unique tradition, National Institute of Siddha, is conducting a 3-month Structured Naadi Training Programme for Siddha practitioners. This hands-on training offers a blend of classical learning, guided practice, and clinical application to enhance diagnostic precision and confidence in Naadi examination.

Duration: April 2026 – June 2026

April 15 & 16, 2026

Dates for the month of May & June will be announced later

Frequency: 2 days/month

Mode: Blended (Lecture, Demonstration, Case practice, Discussion)

Organized by: Dept. of Noi Naadal, National Institute of Siddha

Resource Persons :

Prof. Dr. S. K. Sasi, Department of Noi Naadal, GSMC, Chennai

Dr. K. Balaji MD(S). Seethalakshmi Multi Speciality Siddha Hospital, Madurai

Programme Objectives

1. To strengthen theoretical understanding of Siddha Naadi principles.
2. To develop diagnostic competence through systematic training.
3. To integrate Naadi findings with clinical manifestations and laboratory parameters.

Who Can Apply

- ◆ Registered Siddha Practitioners (BSMS / MD / Ph.D.)
- ◆ Faculty and Research Scholars in Siddha Institutions
- ◆ Clinical Practitioners interested in enhancing diagnostic skill

Training Highlights

- ◆ Eminent Doyens in Naadi will be giving classes.
- ◆ Practical exposure through OPD and ward-based sessions
- ◆ Discussion on Naadi - based case documentation
- ◆ Integration with Ennvagai Thervu and UdalThathukkal
- ◆ Monthly participant reflection and peer learning

S.No	Repeat workshop Dates
1	APRIL 15 & 16
2	MAY 13 & 14
3	JUNE WILL BE ANNOUNCED LATER

Outcome:

- ◆ Familiarity with classical foundations and confident basic palpation.
- ◆ Upskilling of trainers in Siddha Naadi Examination.
- ◆ Ability to relate Naadi changes with disease progression and dosha predominance.
